

# Tank Accessories

## Level Wands

ALL-S level wands are a low cost float style level switch attached to a rigid PVC wand (various lengths available) with a 2" bung fitting and liquid tight that allows you to set the level switch to a desired tank level.

## Rigid Suction Assemblies

RST pump suction assemblies come complete with a Kynar foot valve strainer at the end of a rigid PVC tube (various lengths available). Includes a 2" bung fitting and liquid tight, that allows for setting the foot valve to a desired level and securing it's position.

## Level Indicators

LI style level indicators use a stainless steel arm and poly float to adjust a visual indicator attached to a 2" bung fitting for a constant product level indication in a 30 or 55 gallon tank.

## Models

### Level Wands

<b>ALL-S60</b>	60" (152.4cm)
<b>ALL-S42</b>	42" (106.6cm)
<b>ALL-S30</b>	30" (76.2cm)
<b>ALL-S12</b>	12" (30.5cm)

### Specifications

- Wand - Sch 80 PVC
- Float - Polypropylene
- Contact - 1-28 VDC / 50mA
- Bung Adapter - 2"

### Rigid Suction Assemblies

<b>RSA-KFC1-16</b>	16" (40.6 cm); 3/8" tubing
<b>RSA-KFC1-36</b>	36" (91.4 cm); 3/8" tubing
<b>RSA-KFC1-48</b>	48" (121.9 cm); 3/8" tubing
<b>RSA-KFC2-16</b>	16" (40.6 cm); 1/4" tubing
<b>RSA-KFC2-36</b>	36" (91.4 cm); 1/4" tubing
<b>RSA-KFC2-48</b>	48" (121.9 cm); 1/4" tubing

### Specifications

- Tube - Sch 80 PVC
- Foot Valve - PVDF
- Seat - Teflon
- Ball - Ceramic
- Tubing Connection - Polypropylene
- Bung Adapter - 2"

\* Note: Remove tubing connector from any model for 1/4" MNPT connector.

### Level Indicators

<b>LI-30</b>	Level indicator for APCT-35 & DCT-30
<b>LI-55</b>	Level indicator for APCT-55, 70 and DCT-55 tanks

### Specifications

- Arm - 304SS
- Float - Poly
- Bung Adapter - 2" Galvanized Steel
