

# Wall Mounts

## Key Features

- Simplify Installation
- Convenient Configuration
- Complete Sample Stream
- Customize to Your System
- Corrosion Resistant Panel
- Saves Time and Money
- Professional Appearance

## Application

Advantage Controls' full size wall mount panels simplify the installation of water treatment equipment. Saving time, money and giving it a high quality professional appearance.

Panels include 1 to 4 sample streams with isolation valves, line strainer, back check and sample valve.

Units come ready to operate with your separately ordered controller, pumps and bleed valve(s) installed and pre-wired. Advantage Controls also has the flexibility to fabricate customized systems to meet your specific needs.

Start with code for number of plumbing loops and panel material desired, WM2. Then select options A-J for each loop with a - between loops. If additional loops are the same, use a -X2, X3 or X4. After all loops are built, list whole unit options: WM2-AB3D3FJ-X2-P.

### Build a Model Number

WM - - - - -

**Number of Loops** on 3/8" White Poly Panel 1, 2, 3 or 4

**Number of Loops** on 1/2" Blue Panel 21, 22, 23 or 24

**Note:** Single loop panels add L for plumbing in & out on left side (WM-1L)

**Loop Material** Includes iso-valves, strainer, back check and sample valve

A = 3/4" PVC A1 = 1" PVC A2 = 3/4" Black Iron A3 = 3/4" Copper

**Injection 3/4" PVC 1" PVC 1" CPVC 3/4" Black Iron**

B1 = 1 tee	B11	B21	B31
B2 = 2 tees	B12	B22	B32
B3 = 3 tees	B13	B23	B33
B4 = 4 tees	B14	B24	B34
B5 = 5 tees	B15	B25	B35

**Probe Tees Counting Flow Tee** (only needed if different than controller ordered)

C1 = 1 tee C2 = 2 tees C3 = 3 tees C4 = 4 tees C5 = 5 tees

**Pump Mounting Shelf**

D1 = Shelf for 1	D2 = Shelf for 2	D3 = Shelf for 3
D4 = Shelf for 4	D5 = Shelf for 5	D6 = Shelf for 6

**Strainer Options**

E = 3/4" Poly flushable strainer E2= Clear filter housing E3= Hot water poly housing

**Flow Indicator 1-10 gpm**

F = 150 psi, 3/4" F1= 250 psi, 3/4" F2= 150 psi, 1"

**Coupons 3/4" PVC 1" PVC 3/4" Black Iron**

G1 = 1 Station	G11 = 1 Station	G21 = 1 Station
G2 = 2 Stations	G12= 2 Stations	G22 = 2 Stations

Only available on 1 or 2 loop panels. Add "L" to get clear PVC over coupon.

**Solid Feeder** (1 loop panel only, D1or D2 available with H1, no D option with H2)

H1 = Area for 1 SFS-101 H2 = Area for SFS-201

J = Bleed off leg with shut-off valve (order bleed valve separate)

**Whole Pre-Fab Options**

P = Wire channel duct	R = Mounting rails (required w/ H's)
S = Electrical junction box	T= Weather shield 37" wide max
W= Free standing leg kit	Z = Customer defined special

### Specifications

#### Dimensions

WM1- 38.5" W x 30" H	WM2- 70" W x 30" H
WM3- 70" W x 48" H	WM4- 70" W x 48" H

#### Materials of Construction

Standard ..... 3/8" HD white polyethylene  
 Optional ..... 1/2" HD blue polyethylene

**Note:** Loops with more than 3 pump shelves are wider, 8"/shelf. Panels with option H are 48" H and G2 are 36" H.

**Note:** Controller, pumps, bleed valves and SFS's are ordered separately.
