In the Spotlight: NEW ADDITIONS TO OUR FAMILY

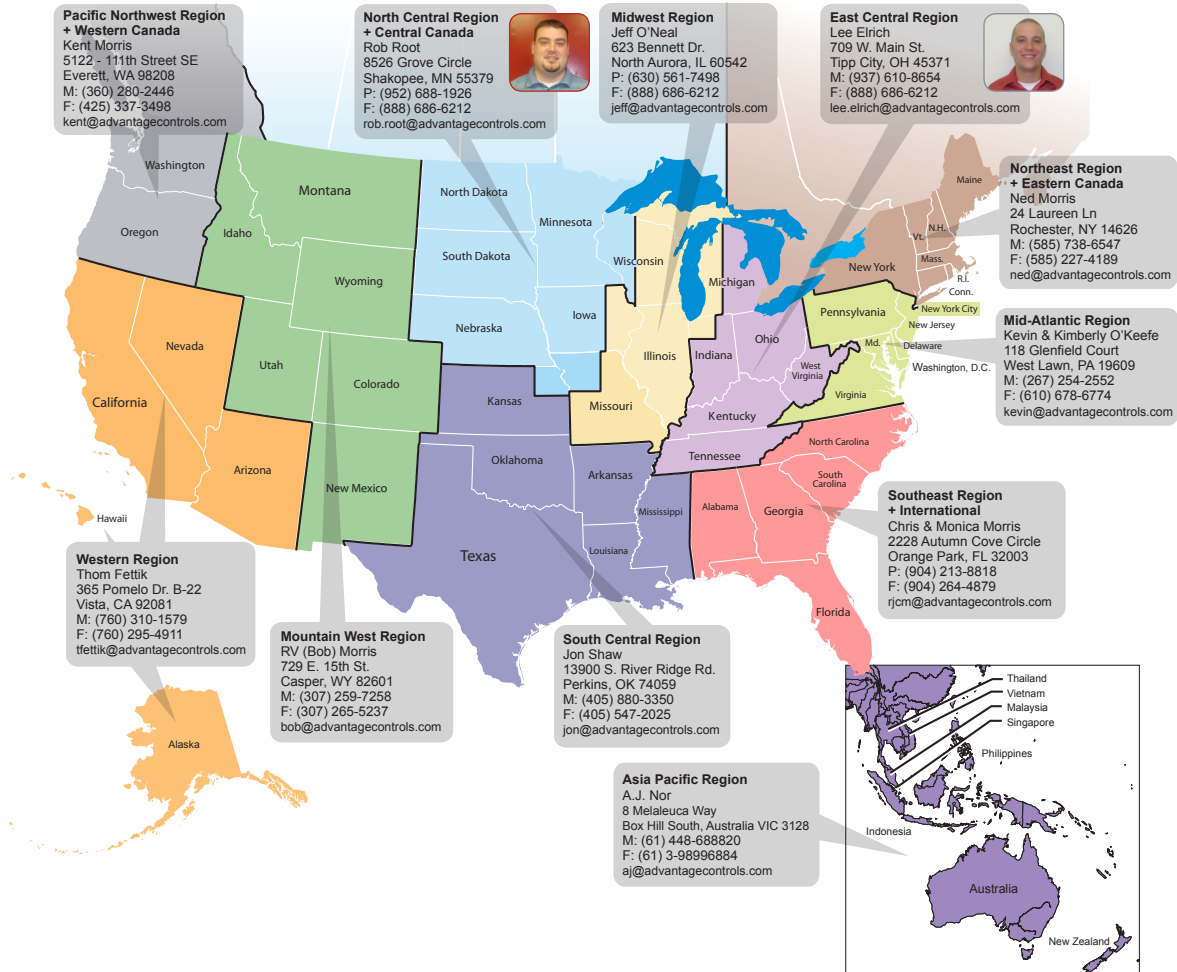

Welcome Lee Elrich and Rob Root!

Advantage Controls is pleased to announce the addition of two new Regional Sales Managers to better serve and support our customers. Rob Root and Lee Elrich both come from the water treatment side of the industry and already have a good understanding of the service demands on today's water treatment professional.

Rob has a degree of Applied Science in Power Plant and Refining Technology from Bismark State College and several years experience with water treatment equipment and designing custom systems. Rob and his wife Wendy and their two daughters, Julia and Aubrey, live in Shakopee, MN.

Lee has worked for over 4 years as a water treater and has extensive experience with solid feed equipment. He has a great work ethic and understands the importance of putting the customer first. Lee and his wife Christina live in Tipp City, OH.

Along with the addition of Rob and Lee our territorial coverage in the central US has shifted slightly. Please see our coverage map below.
