✓ Custom report types and styles
✓ Trending for any Data Entered
✓ Signature Capture

APPLICATION

MyTechReports is an online Software as a Service for water treatment companies, their representatives, plant operators, and clients to consolidate treatment data, instruction, and results in one easy-to-access place.

MyTechReports gives you the ability to build out any report template for field or lab-based testing. Send emails to a recipient list of your customers and send/receive notifications when out-of-spec values are entered.

Grant access to Employees, Admins, Plant Operators, or Read-Only Clients. Each user may be assigned their own reporting list, a reporting schedule, and management tools to make sure jobs are getting done.

MyTechReports provides you with an at-a-glance dashboard to make performance evaluations quick and easy. Quickly assess activities by user, report type, customer, or date.

SIMPLIFIED FIELDWORK

MTR is a robust and intuitive desktop and mobile application that allows users the ability to work online or offline in the field.
Offline capabilities include being able to write and save any report as well as view any locally saved historical reports.

BUILT FOR ANY TECHNICAL-LEVEL FIELD SALES & SERVICE TECHS, AS WELL AS SITE OPERATORS.

STREAMLINED DATA COLLECTION, IMAGE & SIGNATURE CAPTURE, REPORT CREATION, AND COMMUNICATION.

BUILT WITH OFFLINE FUCTIONALITY IN MIND. Report templates are downloaded and saved for offline use.

STAY UP-TO-DATE WITH PENDING AND LATE REPORT SCHEDULES FOR EACH MONTH, QUARTER, AND YEAR.

Search for **MTR: WATER TREATMENT REPORTING** on your iOS or Android device.
