

AD-VANTAGE POINT

New Municipal Water/Wastewater Business Development Manager, Dave Ruane

June 18 Dave is a true go-getter and has an extensive technical sales and business development background, including many years of experience with electrochemical sensing and monitoring of municipal, wastewater, swimming pool, and other water applications outside of Advantage's core business.

Dave lives in Fort Collins, Colorado, which will be his base of operations. "We are very excited about the new opportunities and expertise Dave brings to our team," says Greg Powell, our VP of Technology. "We know that we will enjoy working with him."

Another team member graduates from Leadership Muskogee!

June 13 Alex Parris graduated from Leadership Muskogee Class 29! Chris Liebig, a previous program graduate and current board member, celebrates with confetti.

July 7 Advantage celebrates reaching a backlog goal set in January with bowling and lunch.
